

April 3,
1962.

Dear Everett:-

Sorry. For some reason I have understood that Polycontrast and Medalist were the same emulsion. And now I find it is time for me to order a freight shipment, so here is and approx. 200# order.

Hypo crystals	#100
Sodium Sulfite 2 25 drums	50.
Borax	5
Potassium Alum	5
C 22 Processing kits 1 gal size	
1 50 sheet box Medalist F 2 11x14 D.W.	
1 100 " " " F 2 8x10 D.W.	
2 100 sheet boxes Polycon 8x10 S.W.	
2 boxes Eastman Ektacolor S 5x7	
2 boxes " " S 8x10	
1 box " " L 8x10	

I think this should be about 200#. If it is a little over drop the Polycon S.W. I can get that here. Also ~~if~~ send the film by Parcel Post anyway, I need some 5x7 next week.

Best wishes,
