My apology for not acknowledging at once the receipt of my negative. It arrived two days after my letter to you.

Ever since I moved to Santa Fe, following the war, I have been doing an assortment of work. Two books and a third nearly finished. A third trip to Yucatan. I have been doing many assignments such as a lot of color for THE GOLDEN PRESS edition of Oliver LaFarge's AMERICAN INDIAN, other color work for American Heritage. some magazine work, a lot of work for our Museums here etc. I do have available material on Indian subjects and landscape of this general area.

I will get together some color transparencies and send them in. I have heard nothing from you for so long that I didn't know whether you were still operating or not. I do want to know what you have of mine on hand now.

Thank you for the sale,

Very truly yours,
