

August 4,
1962.

Dear Mr. Hardyman:-

Your estimate for 2500 folders has been received. 2500 double wt Corsican Cover, printed, die cut & scored and delivered flat, for \$575. will be satisfactory to us. I left you a sample color, an Indian red, enclosed is another sample. Please mail me a sample as close to this as you can get in the Corsican.

Please proceed to have the plates, made, the design band to be the full width of the folder. I assume that you have the dimensions:- you must have a sample for the four page folder you printed for us which will be enclosed in this folder together with the 12 plates. I would like to see the placement of the design band and the lettering before you print it. You can sketch and measure this and send it along with the color sample.

We want this completed as soon as possible.

Very truly yours,

ZERA HARDYMAN
