

Dec. 12,
1962.

Dear Rebecca James:-

How very nice to be doing a job for you and of your beautiful embroideries. I have enjoyed doing it not end. At least I will have when I have your approval.

In the box you will find the ~~four~~ that E. Boyd ordered and in addition the very delicate one, which I have also done in black and white.. While this one has a slightly blueish cast this can very easily be corrected if it is used for reproduction.

Please disregard the color patch charts along side each of all of these. I include these as they are not only a guide for me but especially for the engraver who makes the reproductions.

I look forward to this show of yours greatly and I hope you will be here for the opening.

And in the mean time, I hope that all of these meet with your approval.

My very best wishes to you both,

most sincerely
