Dear Mr. McCandless:-

I want to thank you for informing me about the new car finance plan as recently undertaken by your company. The automobile company from whom I have purchased a car were going to finance me, but when I found the difference in interest rates, I found that I could save as much as \$153. on the purchase of a demonstrator car. This was a considerable saving and is another indication of the fine service given to its customers by the State Farm Insurance Co.

Thanking you very much indeed, I am

Very truly yours,
