Mr. Albert Solnit,
State Planning Office
Santa Fe, New Mexico

Dear Mr. Solnit:-

Thank you very much indeed for sending me the copy of the Embudo report. It is indeed a major undertaking and interesting from many points of view and is a splendid achievement.

I hope that it will bear fruit abundantly. This is one of my most favorite regions. I am pleased indeed to have even so small a part in such a comprehensive report and I hope that the pictures will help in some small way bring decisions of value.

If there is anything more in the future which needs illustrations, I shall be pleased to be of help in such a worth while enterprise.

Sincerely yours,
