Dear Mrs. Williams:-

Thank you very much for your check for the black & white photographs I made for you last year. But you did not tell me just what it was that you wanted changed. As I got the message through someone else that there was something that you were not satisfied with, that is all I know. I do want to finish this to your satisfaction. I have tried so many times to get in touch with you either at your ranch, by phone or hoping that you would bring in whatever you wished changed. So please let me hear from you that I may complete the work.

Very truly yours,
