Dear Miss Gilpin:

Bill Webb informs us that you have a comprehensive dummy of a work on the Navajo Indians, consisting of photographs and text.

We have room for one more title on our fall 1962 publishing list. We would appreciate it if you would send the dummy for our examination. We would also like to know the date on which complete copy would be available if we should want to add the book to our fall list. We will make a prompt decision on receipt of your material and information.

Sincerely,

Richard D. Lewis
