Dear Miss Gilpin:

We are in the process of remodeling and redecorating our offices at Window Rock, Arizona and are desirous of hanging several of your photographs. Three are presently on display at the Museum of Navajo Ceremonial Art:

"Summer Shelter"

"Hogan"

"Five Generations in Summer Hogan"

The Director of the Museum suggested that you might also have photos of Chee Dodge and Manuelito. We would like all prints sized at approximately 9 X 12, unframed.

Would you be able to supply us with this order? I shall look forward to hearing from you.

Sincerely,

Elta Mae Mast
