Dear Miss. Gilpin:

I am really happy having with me the white and black pictures of the ramilletes. It was very kind of you to send them and I really appreciate your courtesy, highly.

I am including with this, a letter I found among the pictures;
~~xxx~~ I think it just dropped into the box for accident.

I am flying to morrow to Yucatán where I am going to expend some weeks on the beach with my uncle Humberto's family. So, do you want to join to us? It would be very fun. Isn't it?

As soon as I come back, I will send back to you the color pictures.
Thanks again for everything. Greetings and my best wishes for you.
Su amiga,

P.D. Same days ago I meet Johnny Watson in the Museo de Arte Popular.
It was very nice to find him.
