Mr. John S. Bolles,
14 Gold Street
San Francisco 11, Calif.

Dear Mr. Bolles:-

My apology for not sending you an immediate answer to your letter of Feb. 26th. I am sure that you understood that I had sent you all the material on the Iglesia. When the telephone operator called the other day requesting Norman Carver's address, I realized that I had failed to send it to you in the first place. I trust that you were able to reach him and that he had material you wished.

Please let me know which of the black and whites of mine you wish to use so that I may make you adequate prints from reproduction. Those were only very quick ~~photo~~ proofs. And thank you for giving me the information on the dates. This is most interesting.

With best wishes, I am

Very truly yours,
