Dear Mrs. McVicker:-

The photographs are off to you with this mail. In a hope that I may retrieve myself in your good graces, I am sending you 11x14 prints instead of smaller ones. All of them call for a larger size anyway, and I am happy to have you have these prints.

I am just off on a last trip to get the very last things for the Navaho book, will be gone a week. I go off with a better feeling that these prints are on their way to you. Please forgive my slowness.

My best wishes to you and Mr. McVicker,

Most sincerely
