Dear Mr. Norton:-

Thank you very much for your letter of Oct. 30th. Your price for the sand painting work is satisfactory and I am very anxious to complete this.

I have been making plans to come over on the 12th, but several things have arisen to make me think a later time will be better.

I think I wrote you that I wanted to see several people at Window Rock. In view of recent events I think it would be best for me to postpone these interviews. Also, Miss Forster, who lives here with me and who used to be the nurse at Red Rock many years ago, is now very much of an invalid and I must make arrangements for her care when I am away. This trip would be too much for her. Her sister and brother-in-law are coming from Nebraska to spend Thanksgiving with us. I am writing to see if they can come early so that they will be here while I am away. I could come over the 20th or 21st if this would suit you.

I hate to make a change, but this seems necessary, as I must try to complete everything in this next trip. In the mean time, I am trying to complete the text for the book, and these last pictures would be sent in after ward. If you think it better to telephone me you may call me collect when you return from Phoenix. My number is below and I am usually home at the noon hour or in the evening. Also by the 20th there is sure to be enough snow on Debentsa.

Sincerely yours,
