Dear Mr. Spence:-

Your letter has just come regarding the photograph of the Acoma Church. I recall the order and also making the print. I thought I had sent it long ago. In any event I shall make another in the next two days and also hunt up a patio. Do you want an old house for this, or a modern (last 25yrs) I think I have some.

I regret greatly any miscarriage on this order, and trust you receive another print promptly.

Very truly yours,
