Dear Mr. Stewart:-

Everything was cleared regarding the photograph of the painted buffalo robe at the time it was done. I am sure that I sent Miss Angle whatever was necessary at that time. Miss White was quite agreeable. I recall asking for just what she wished in the way of credit. She has recently left for an extended trip to Egypt so it will be impossible to get any further word from her for some time. But had she not agreed to your request, I would not have had permission to make the photograph. I should think that this would also cover subsequent editions.

Very truly yours,

Laura Gilpin
