Santa Fe/New Mexico

February 28, 1963
II./Ga.

Dear Miss Gilpin,

It was again a pleasure for me to see your Navaho book. I discussed this matter with my father very carefully and we both think that there will be interest in Germany for your book. To find a publisher it is necessary to have your dummy on hand. I wonder if you can send us this as soon as possible with your text so that we can discuss this matter with the people we have in mind. It is a German very wellknown book club which is famous for the well done books. This is our suggestion to your book.

Today I send you separate as printed matter by air-mail one copy of the Chinese book. I hope you will like it.

Again I want to thank you for the wonderful days I had in Santa Fe.

Sincerely yours

air-mail
