Laura, we came home Monday of this week - and are glad to be here - I did not contact Mrs. Owens in Carmel - Clin not very comfy" yet and would prefer to wait here until I feel livelier - Recuperation is slow - and pain is demoralizing after 6 years.

Enclosed is information on the little book of Paul photographs published in Prague - also on the Italian "Un Paese". It appears to have been dated in Milan & finished in Turin -

Cells are very indefinite except the American grave - I think you had best write Paul for information as to publishers -

All of the best, Old Gomer!
