Dear Miss Gilpin:

About a year ago Mr. Alexander Girard had an exciting "Nativity" exhibition at the International Folk Art Museum in Santa Fe. At that time I enquired about the possibility of making colored slides of some aspect of the exhibition and was told that you had already arranged to do that. Also, that slides would be available through the museum. Repeated inquiries, however, soon convinced me that no slides would be available through the museum and I would have to appeal to Mr. Girard personally. Not long ago he mentioned that you had made slides and that I have his permission to obtain them from you. What are the chances?

Sincerely yours,

Alexander Masley
