Dear Dr. Massey:-

I have received the Purchase Order for 35 duplicate color slides of the Girard Nacimiento exhibition, but the order does not state what subjects.

There were 70 wall exhibits and then all the center part of the exhibition with numbers going into the 100s. Do you have a catalogue and do you wish to indicate those you wish me to order, or are you just dividing the 70 into two parts? I will send the negatives off to be printed just as soon as I hear from you.

Sincerely yours,

Laura Gilpin

Dear Laura:

It was my understanding that you had made only 70 slides. That is why I am asking for only 35 at a time. If you have more I will leave to your judgment selecting the best of 70 at 35 each set to give me a representative collection - some group shots and some closeups for detail. Let me know - but proceed with the order. Thanks a lot
