Dear Miss Gilpin:

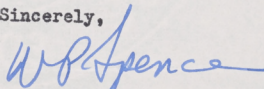

I wrote to you last year concerning your supplying me with black and white glossy photos to use in illustrating a textbook I am writing. I placed an order with you but have not received a photo. I need them immediately.

I need one black and white glossy 5 x 7 or 8 x 10 of the church, San Estevon, Acoma, New Mexico. I want an exterior view showing it from the northeast if possible.

I would also like to receive a photo of a Spanish type house illustrating the patio they used with the many heavy pillars. If you have such a photo I would like one.

I would appreciate a prompt reply. My check will be sent upon receipt of the photos.

Sincerely,

William P. Spence, Chairman
Industrial Education and
Art Department
