Dear Laura:

Greg Crampton of the University of Utah has returned your pictures as he felt the identification re local was not sufficient. In shipping them back to us the large print was damaged, as you see. Unfortunately, the wrappings were lost and I can not blame the post office, so please bill me for the large print.

In the meantime, I hope that we will be able to use some of your pictures in the exhibit which, of course, will have far more picture material than does the book, which is Crampton's responsibility.

I hope to be in Santa Fe after Christmas so would like to talk to you about this as well as to check the Indians Art Fund project. Will drop you a note in a few days when I know a precise date.

Sincerely,

Mitchell A. Wilder
