KIRK WILKINSON / ART EDITOR

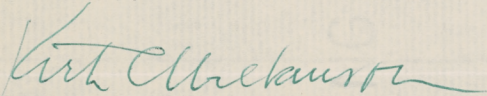

September 20, 1963

Dear Miss Gilpin:

I have just realized that we have only one set of the pictures that you took of Rebecca West's embroideries.

You must have others that you consider off true exposure and, therefore, didn't send them. Will you please let me have all the exposures that you took whether or not they are perfect. We always must have at least three working sets for editor's use and Art Department files.

Sincerely,

Kirk Wilkinson
Art Editor
