Dear Miss Gelpi,

Thanks so much for your statement,
together with the two sets of photographs
I have purchased. I am enclosing my check.
I am going to enjoy them doubly, now
that I will have a just place to place them
in. I hear you have seen M.F.
Now! I love it when it rains there.
But I like summertime better! I hope to
get out there for the Christmas eve + Christmas
Day dances. And I will, I am
sure. Tulsa TV showed a photo of
the N.M. Capitol ~~the building~~ ^{& grounds} right before
last after the first snow of the season!

With all best wishes, and good
luck in getting your forthcoming book
out as soon as possible,

Sincerely,

Blue Adkins
