Dear Mr. Adkins:-

I have hunted for the list of the prints I sold to you last year. I find the entry for the amount in my account book, but as yet the list has failed to show up. I must have misfiled it which means a long hunt. Perhaps it would be quicker if you would be so kind as to send me the list of titles which are on the backs of the prints. I also need the mount measurement, though I am quite sure they we on 14x18 inch mounts.

I have some of the new series ready to mount and I hope to have the rest in a week or ten days. Several of the new series are ones I still have to make reproduction prints of for my book so that I will make yours at the same time.

Thanking you once again for your interest in my photography, I am

Very sincerely yours,
