Mr. Gene Adkins,

Tulsa, Oklahoma.

Dear Mr. Adkins:-

Thank you very much for your letter with the list of prints. I find four on the old list that you re-selected when you were here a short time ago. I will substitute other prints for these. I will make two lists in duplicate one for each of us of both the first lot and this new lot.

I am going to Albuquerque to get the material I need to make a portfolio on next Thursday and will have this with the prints ready to send you by the first of next week.

An answer came in from John Evans about Mabel's photograph which I will send you at the same time. I was sure he would agree, but I just don't think it is right to sell someone else's portrait without family consent.

With best wishes,

Sincerely yours
