Dear Mr. Grasso:-

Thank you very much for your inquiry about pictures. I am sorry that you missed me, but I guess I was just out somewhere, as I was here in town.

I shall be happy to make you the prints you are interested in. These would be best quality prints of exhibition quality mounted. These would be \$20. ea delivered.

I am interested in your selection. Both of these are among the best in the book I feel. It was fun finding all the different trees and plants that grow up and down the river. I only wish all the photographs had been reproduced much better. Perhaps after my next book, there will be a third edition of the R.G. And with the title I wanted, not the one the publishers chose. I wanted it called, RIO GRANDE, RIVER OF THE ARID LAND. But I wasn't allowed. Next time I will demand the change. I just don't like RIVER OF DESTINY.

Thanking you for your enquiry, I am

Sincerely yours,
