Mr. K. Lennarts, Director
Acadwmie Sint Joost,
Sint Jamstraat 18,
Breda, Holland

Dear Mr. Lennarts:-

It was a great pleasure to have Mrs. Jamieson bring your student, Sjeff Wildschut to see me when they were here in Santa Fe. I enjoyed meeting him and discussing photography with him. It is always nice to find so earnest a worker, and I shall look forward to seeing more of his work in the future.

He did not have very much of his work with him when he was here, but I liked particularly his work done in California. I imagine that this trip to the United States has given him wonderful experiences and it is fine that he has met so many photographers along the way. The more we all see of the work of others, the richer we become in understanding and thought. I wish him the best of success for his future.

With kind regards to you, I am

Very sincerely yours,
