Meisel Photochrome Corporation,
Box 6067
Dallas, 22
Texas.

Gentlemen;

The color print ordered some time ago came in yesterday. It was severely damaged in the mail and I am returning it herewith. I have left the envelope with the local post office, but it was not marked DO NOT BEND on the envelope at all. As you can see the surface of the print was not only bent but cracked as well.

I am returning the negative together with the print and I hope you can reprint this promptly.

Very truly yours,
