Mrs. Irma Saffold,  
Western New Mexico University,  
Silver City,  
New Mexico

Dear Mrs. Saffold:-

My apology for being so long in answering your letter of October 23, but I seem to be continually behind with both work and correspondence. I am finishing up a book on the Navaho that is due in to the Publishers by Dec. 1st if possible, and I have done little else. I am afraid that the size 5x7 is difficult for me for many of my things as much of work is on 8x10 original negatives or 4x5. One size has ~~be~~ be reduced, the other enlarged, and 5x7 doesn't fit proportionately. I will see what I have already printed in my files and send a few down to you at this time in the hope that they can be of use. Once this book is out of the way, I will have more time. This is my major opus, some fourteen years in the making, tough of course not to the exclusion of other work ~~for~~ much of that time.

Thanking you for your enquiry,

Sincerely yours,
