Dear Sammy:-

It was certainly nice to have that nice visit. If I had only known more about the meeting you came over for, I would have gone to it. I did not know that it was open to the layman.

Dave Jones has just gone over this map with me and marked all the Tribal Parks except the Tsegi and Monument Valley. Would you be good enough to mark these on the enclosed tracing paper and send it back to me?

I enclose an addressed label so that all you have to do is to stick it on. Dave traced the other Parks from his big map.

Best of wishes to all,
