Gentlemen:-

Enclosed is Purchase order No.4-40304-9011  
Dated April 23, 1964. together with my bill for this  
item.

When I was asked for an estimate last April for this  
job, I gave a rough estimate of \$75. When I gave this  
I had no idea that it was to include mounting and shipping  
costs. As this was to be done immediately there was no  
time to write for an exact price, and I based this estimate  
on previous work done for me by the same firm.

When the bill came in the cost price had been in-  
creased to \$2.50 per square foot. The actual cost to  
me for this mural was as indicated on my bill \$95.93.  
This I paid when the bill came in.

Because of this incread cost, I reduced my bill for  
making the original 8x10 negative and the special guide  
print to \$15.00, which again is barely the cost for  
making.

In July I sent in an itemized bill to the institute  
whcih was returned to me with the enclosed purchase order.  
I understood ath the time that this was for my record, and  
that the bill had gone in to you from the Institutute.

Wondering why J had not received payment on this ac-  
count, I saw Mr. Larsen at the Institutue yesterday, who  
instructed me the make out the bill in triplicate and send  
it together with the purchanse order direct to you.

I regret my misunderstanding on the entire matter  
and hope I may hear from you soon.
