Dear Madam,

We are currently preparing for publication the third volume of the Anglo-American edition of the Larousse encyclopedia "Art and Mankind". For this book we require black and white photographs of the following views of the Acoma Church, New Mexico:

Views of nave (looking towards apse) showing roof  
Shots of interior of roof (close-up of corbels)  
Exterior showing facade & cloister  
View from the north-east

Print fees will be paid on receipt of the photographs and reproduction fees will be paid on publication. A full credit will be given in the book for any material used.

As this matter is extremely urgent, we should be grateful if you could let us have any photographs you can at your earliest possible convenience.

Yours faithfully,  
PAUL HAMLYN Publishers.

Illustrations Editor.
