Dear Laura:

Dr. Kolb was most hospitable
and told me that they were
selling up a ^{for me} SHOW _{at} The Folk
Art a year from now - in The
Spring. This is just perfect
for me and will be the incentive
for this year's work. Thank
you so very much for arranging
this. Nat reported that
the negatives were FOUND!

We left a little earlier than
planned — mostly because I
had a little seige with my
diabetes that left me hollow.

Please, please — take care
of yourself. You are one of
the people I have lined up
to live forever.

With warm greetings to
Betsy and to yourself

My love —

Margaret.
