Miss Laura Gilpin,

Sante Fe, New Mexico.

Dear Miss Gilpin:

Have you been missing something? We have a pair of round lens, gold frame glasses in a brown case, which the maids turned in as coming from room #22. This is the room you occupied a few nights ago, so we assume they are yours. If they are yours, we will be happy to send them to you upon receipt of postage to cover, perhaps 15¢.

Our temporary crossing washed out twice this week, so that we had some guests marooned here for one or two nights, but such are the exigencies of travel in the Indian country, as all of us who have been here for several decades well know.

Sincerely,

Thunderbird Lodge,

F. Turner
