Dear Laura Gilpin:

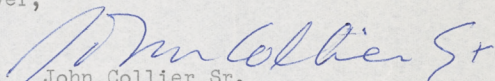

I wonder if you have kept the negative of the 'photo of myself which you made in April of 1962? The 'photo is faintly reproduced on the front cover of my book "From Every Zenith." If you do still have the negative, may I ask you to make a copy and send it to me? In explanation, I quote from a letter sent by Dr. Demetrio Sodi, the General Secretary of the Interamerican Indian Institute of Mexico:

"There will be" (at the International Museum of Anthropology) "a panel with pictures of the outstanding Indianists; hence, please send us your picture of an approximate size nine by twelve inches, with data of what you may consider important."

If you, Laura Gilpin, do have the negative, and can make a print as stated above by Dr. Sodi (probably not a glossy print), then will you please send it to me, and bill me for the cost?

With all wishes, in which Grace joins,

As ever,

John Collier Sr.
