Dear Miss Gelpin:

Enclosed is a check on the sale of the "Ancient to Indian Life" print. I have a sure sale for the Father Charley print, but she has not come to pick it up yet.

I am learning by mistakes as we all do. When I put up the show of Gelpin - Porter - Adams, I changed the price on yours to \$35 to equal that on the Adams. I have had 3 customers comment on the change; so this week I put it back at \$25 as we had it. I should not have done this without first asking you, but it hurt my sense of proportion to show your

at a lower price! However, I now
see that the only way to raise the
price is on a new selection:
changing it on the ones which had
been up for 6 months @ 25 was
not good.

This brings up a request:

Could I have a complete show
of your prints to coincide with
the publication of the ^{novels} books;
and could ~~we~~ I arrange a party
for you at that time? I can
show at least 30 prints at
once. I can come to Santa Fe
any time you say to discuss
and arrange this. Please do
consider it. My best to you,
Ann Dietz
