

Nov. 1, 1965.

Mr. John J. Contney,
Color Corporation of America
Tampa, Florida.

Dear Mr. Contney:-

Enclosed is a 4x5 transparency.
Will you please make an internegative from it and
send me a proof. This is for the Christmas Card
for Mr. & Mrs. Nathaniel A. Owings (architect)
and the order will be for 250 copies, but we want to
see a proof before you go ahead with the order. I
assume that your Commercial Grade type C prints are
indicated as per page 25 of your catalogue. By the
way this is an old catalogue and there may be changes
since this one. Will you let me know? And give me
a price on these? I am having the folder printed here
and I will mount these. No border necessary unless
they must come that way. And may I ask do you now
have any kind of adhesive that is good other than dry
mounting tissue?

As this is an important order I want to do the best
possible job.

Very truly yours,
