

June 6, 65

Dear Ann Deit,-

Thank y ur for your note and for the check. I am pleased that you have already sold something. Hope there will be more to follow. No, I was not aware that I had included two prints of El Valle. Were they the same or different shots? I remember that I had two of the cross and was wondering which was the better print to send you. I probably picked up the second one without realizing it. It probably does not have the proper label on the back.

Some time ago, I promised to send 10 prints to an exhibition of the Corralles Art Association. I will not duplicate anything you have and perhaps there may be one or two Navaho marked N.F.S.

Last year Tucson had an invitation Photographic show. I had ten prints there and so did Ansel and others. I came across the catalogue the other day and noted the comparative prices. Ansel has gone up to \$35. while several others were all \$25. so I guess we hit it just about right.

I may be down next week and will come by, and when I am sure, will give you a ring.

Best of wishes,

Sincerely
