RE Purchase Order No. 5-37912-9011.

I did not send this to you, it must have come from the Institute. However, I did send you a duplicate to which I attached my bill in triplicate. I presume that the Institute was advising you that they had received the order. There was a long delay in filling it, as I noted on my bill.

This order was delivered to the Institute about two or three weeks ago.

Very truly yours,
