Gentlemen:-

The inclosed appears to be a second notice.
If so, I did not receive the first. We have had much
trouble locally with extra help in the post office who
distributed mail into the wrong boxes. When this happens
it is on the conscience of whoever gets the mail to return
it to the P.O. I have had this happen a number of times
during the past year.

I enclose 3 months payment on my premium and regret
that it is so long over due, but the above explanation
must be the answer.

Very truly yours,
