Dear Mr. Young:-

Enclosed herewith is a copy of the small section from my "Enduring Navaho" which deals with the Navaho language. I am indebted ofcourse to your fine section in the 1961 Year Book. But I would like your approval of this, before it goes for final typing.

The book is very nearly finished and I am now making final corrections and finishing up the many details that always seem endless.

Please feel free to make any corrections or changes as you see fit. I shall greatly appreciate your doing this. I have been most fortunate to have a number of experts go over the book in regard to their particular field, and I am hoping that all the factual information I have in the book will be correct. I just dont like books that are too hurriedly put to gether without sufficiant research, and I have taken great pains to try to make this one as free from error as possible.

Any chance that you would be coming over this way any time soon?

Cordially
