Dear Miss Gilpin:

I had tried to send you the enclosed paper to the address in my father's file but had it returned; fortunately now I am provided with another address for you through a friend in New York. I hope that you will find the paper interesting.

I would like to take this opportunity to thank you for the photograph which you took of my parents as they were sitting in their garden under a tree. Of all photographs of them I find it the most satisfying. You may remember the charcoal sketches of reproductions of my parents/which I have included with the paper which were done in the middle forties by Raymond Crosby.

Sincerely,

Anton V. Long
