Mrs. Oliver LaFarge
647 College Street
Santa Fe, New Mexico

Dear Consuelo:

Your letter of March 15, 1965, transmitting lists describing the manuscripts and other materials in the collection of Oliver's works were received by the School of American Research at Hewitt House and given to me for acknowledgment. Our delay in thanking you for this exciting material is my fault and is due to colds and other causes beyond my control, as I explained to you recently at our meeting of the O.S.F.A.

Once more I want to congratulate you on the beautiful and systematic manner in which these lists are presented. They, together with the lists of the Anthropological library which you have already kindly sent us, give us complete data on which to base a decision as to whether we are in position to make an offer. The matter is being studied by a special committee and will be presented to the Executive Committee of the School for a decision in the near future.

I need not tell you how much we would like to own these collections and keep them here in Santa Fe where they belong. Once again, thank you for giving us this opportunity. We will let you know as soon as we arrive at a decision or are in need of further information.

Sincerely,

Chairman
