

WILD BIRD BIG SUR

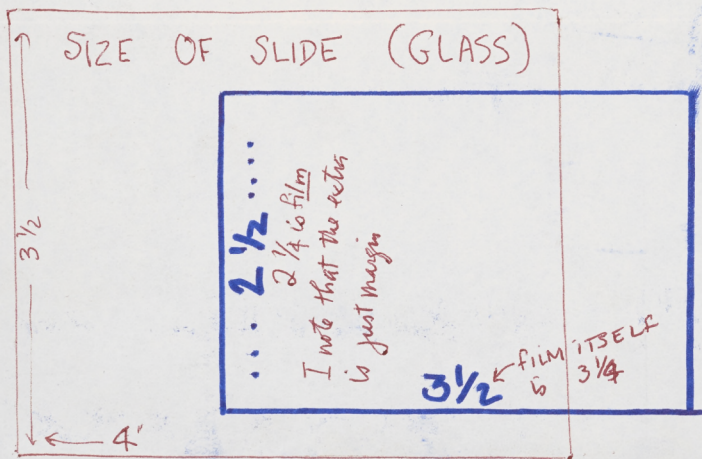

March 21st

Dear Laura:

I am drawing out on this sheet the size of the glass slide and the size of the film within it.

Incidentally, Paul Smith, Director of the Museum of Contemporary Crafts in NYC was here yesterday - and is in Santa Fe, today. He said he would get in touch with you re: the photograph you took of our open front door here in Big Sur - showing the pebbled floor and carving, etc. He is arranging a show of crafts used in Interiors of homes - and wants enlarged blown-up photographs in Black and white as backdrops for some of the actual crafts. He liked this of your's.

My health is fair - the fact of the matter is - I am absolutely exhausted. (I have just returned from three days of pressures in my park job - down in the Los Angeles area). Some day I shall find rest, I hope.

But,
Margaret.
