Dear Fellow Member:

This is the annual call for material for the Bulletin. We would like to have information on your activities since the spring of 1964 by July 1st. To help in the editing process, your cooperation in the following is requested:

1. Please keep your statements brief. It is regrettable that we can't include all the fascinating details of the many undertakings of our members, but there are just too many of us. You can save editing time by making your contributions short enough to be used as submitted.

2. If your statements are not typed, please print all foreign names, geographical names, and technical terms. Do not retype over an error. Consider how a reference to a publication, government organization, or activity may appear to a reader not familiar with your specialty, and provide further explanation where needed. If an unconventional geographical place name is used, add the popular name in parentheses. Avoid abbreviations, if possible.

So that we may keep the Headquarters library as complete as possible, please continue to send copies of your publications. Also, photographs (glossy prints) of members engaged in actual geographic field work are also desired for the files.

Sincerely,

Lucile H. Pany
Editor

FOR THE 1965 BULLETIN OF THE SOCIETY OF WOMAN GEOGRAPHERS

Completed questionnaire should be sent to National Headquarters before July 1st. Type information supplied, if possible. If in longhand, print proper and technical names. If more space is needed to complete any category, use another sheet and number correspondingly.
