Dear Miss Gilpin:

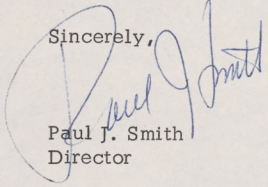

When I was at Nat Owings home recently in conjunction with an exhibition we are planning for this coming summer, he suggested I contact you to acquire photographs of his home. He showed me an outstanding photograph you took of the entrance of his home with the doorway open showing the mosaic floor with the wood panel in the background. I would like to acquire an 8 x 10 black & white glossy print of this for our exhibition.

The show, "COLLECTOR: Object/Environment," will feature homes in which the works of American craftsmen have been used most effectively. Some of the photos will be enlarged into photo murals and displayed in our Museum to be accompanied by the actual works of art.

We will, of course, credit you for the photography. However, before proceeding, I would like to know your fee.

Since we are very short on time in meeting catalog deadlines, I would appreciate hearing from you soon.

Sincerely,

Paul J. Smith
Director
