

THE FIRST NATIONAL BANK OF SANTA FE
SANTA FE, NEW MEXICO

EDWARD H. TATUM, JR.
PRESIDENT

August 27, 1965

Dear Miss Gilpin:

President Herbert Hoover devoted the last 28 years of his life to Boys' Clubs of America as Chairman because of the job they are doing with underprivileged boys.

"We must have", he said, "1,000 Boys' Clubs helping a million needy boys. Then we can build a generation of loyal and responsible Americans and put a curb on the spread of delinquency."

I am happy to have a part in this important work by writing to ask your help in its expansion. We now have 650 Clubs where well over half-a-million boys are learning useful skills and the kind of wholesome attitudes that make responsible citizens.

If it might be possible for you to send a gift this year it would help us reach the many boys in less privileged areas still in need of a guiding hand. Most friends send contributions of \$10 to \$25, but any amount you choose would be welcome and deeply appreciated.

In addition to giving needy youngsters a better chance in life your gift would also be a wonderful tribute to Mr. Hoover's memory.

Sincerely,

Edward H. Tatum, Jr.

p.s. Please make your check, tax deductible, of course, payable to Boys' Clubs of America. This is not the same as support of our local Boys' Club.
