The Color Corporation of America,
Tampa, Florida

Gentlemen:-

I am indeed sorry that you found it necessary to wire me about my bill. I had been waiting for payment from a Govt. agency in Washington for whom this work was done. I have just heard that the gentleman in charge has been ill. Also I had not realized how much time had gone by, or I should have sent you a check regardless.

While I am writing to you, will you kindly let me know if you still have the matrices for the large dye transfer prints, (Navaho subjects) which you made some years ago. I have a call for one more print and possibly more. Would you quote me a price on two prints of each. Subject. Navaho Spinner (with yarn in foreground) and the Corn & Feathers.

I enclose my check for my current bill along with my apology for this neglect.

Sincerely yours,
