Gentlemen:-

I am writing on behalf of Miss Elizabeth W. Forster, who lives here with me, regarding her hospital bill at Salt Vincents of last Dec. 28-Jan1st. of this year. We have only just been notified by the hospital that her bill has not been paid in full. Part of it was paid by the Bankers Life but there is an unpaid balance of \$158.00. Nothing has been paid by you. Will you kindly inform either Miss Forster or me as to the reason for this? I am sure it must be an over sight.

Very truly yours,

P.S. I have just talked to Dr. Bobb's office and find that she billed you Jan. 21st , but has heard nothing from you. Please advise.
