

XXXXX

November 14,
1966

The Honorable Stewart L. Udall,
Department of the Interior,
Washington, D.C.

Dear Mr. Secretary:-

Mr. Nathaniel A. Owings asked me to have this color print made and to send it on to you. I wish it were a better print. The laboratory trimmed it greatly on each side when I had ordered the entire negative to be printed, but these things seem to be what we are up against frequently. As I know that this was to give you a quick idea of this most charming old church, rather than the necessity for a good color print, I am sending it as it has come ba ck to me. The whole negative gives a suggestion of the environment.

With kind regards to both you and Mrs. Udall,

Sincerely
